## PROFESSIONAL SUMMARY

Motivated and academically driven student with a strong foundation in Science (HSC & SSC), aspiring to pursue a Bachelor's degree in Computer Science or Software Engineering. Passionate about technology and problem-solving, with a growing interest in cybersecurity and software development. Actively engaged in sports (Football, Cricket, Badminton) and volunteer activities, demonstrating teamwork, leadership, and community involvement. Eager to study abroad in a dynamic, multicultural environment that fosters innovation and research. Looking forward to internships that offer hands-on experience in full-stack web development and secure software engineering practices.
